Passage:

Read the passage and answer the questions.

The opposition to Emergency could keep the Janata Party together only for a while. Its critics felt that the Janata Party lacked direction, leadership and a common programme. The Janata Party government could not bring about a fundamental change in politics from those pursued by the Congress. The Janata Party split and government which was led by Morarji Desai lost its majority in less than 18 months. Another government headed by Charan Singh was formed on the assurance of the support of the Congress party. But the Congress party later decided to withdraw its support with the result that the Charan Singh government could remain in power for just about four months. Fresh Lok Sabha elections were held in January 1980 in which the Janata Party suffered a comprehensive defeat, especially in north India where it had swept the polls in 1977. Congress party led by Indira Gandhi nearly repeated its great victory in 1971. It won 353 seats and came back to power. The experience of 1977-79 taught another lesson in democratic politics: governments that are seen to be unstable and quarrelsome are severely punished by the voters.

A new chapter of peace and cooperation might evolve in South Asia if all the countries in the region allow free trade across borders. This is the spirit behind the idea of South Asian Free Trade Agreement (SAFTA). The Agreement was signed in 2004 and came into effect on 1 January 2006. SAFTA aims at lowering trade tariffs. But some of our neighbours fear that SAFTA is a way for India to 'invade' their markets and to influence their societies and politics through commercial ventures and a commercial presence in their countries.
